THE OFFICIAL HYDROGEN EVENT FOR ASIA PACIFIC

ASIA-PACIFIC HYDROGEN 2023 SUMMIT & EXHIBITION

“The local industry and Government collaboration in securing the inaugural Hydrogen Summit for the Asia Pacific region is a great signal of intent of Australia’s ambitions to transition to a renewable energy superpower, placing Sydney alongside global hydrogen cities like Rotterdam and Washington DC. Events like this are a shot in the arm for tourism, but they also stimulate progress in the city, nation and region where they are held, placing a global spotlight on our region’s hydrogen community, highlighting the incredible ideas and skills found here, and adding new perspective to a predominantly northern hemisphere discussion.”

LYN LEWIS-SMITH

Advisors to the bid, business events bidding specialist, CEO
BESydney

“NSW is Australia’s clean economy capital, and this will showcase NSW as a world leader in green hydrogen. We look forward to welcoming thousands to learn more about the huge investment opportunities on offer in NSW.”

ANOULACK CHANTHIVONG

Minister for Industry
and Trade
**New South
Wales Government**

“We are delighted that Australia has attracted world hydrogen leaders to converge in NSW. Hydrogen’s role in the energy mix is accelerating and it presents not only an economic growth opportunity, but a way to evolve our resources and provide long-term economic resilience. This event will be the ultimate meeting ground for global leaders, government representatives and industry stakeholders spearheading the hydrogen industry, and an opportunity to show the world that Australia is set to be a global hydrogen powerhouse.”

FIONA SIMON

CEO
Australian Hydrogen Council

“Austrade is pleased to support the Asia Pacific Hydrogen Conference and draw global attention to Australia’s emerging world class hydrogen sector. Hydrogen offers Australia and our trading partners a unique opportunity to decarbonise, deliver energy security, and support green economic prosperity. The conference will showcase a number of leading hydrogen projects and companies that are active in the Asia Pacific region. It will bring together global experts and decision makers to drive public and private commercial collaboration in this important sector.”

PETER HORN

General Manager,
Investment and Sectors
**Australian Trade and
Investment Commission**

“SEC is very proud of our partnership with the Australian Hydrogen Council to deliver the Asia Pacific Hydrogen Summit & Exhibition with the official support from Austrade and the Government of New South Wales. As hydrogen accelerates into the mainstream energy sector, we invite the global energy community to join us in Sydney, grasp the advancements and create new partnerships in the region which will enable this important industry to deliver on its potential.”

CHRIS HUGALL

Managing Director
**Sustainable Energy
Council (SEC)**
